Water Conservation Credit Program Guidelines for High Efficiency Toilet (HET)

Program Guidelines:

- Participant must currently own the property where the installation of qualifying item is to be installed and have a City of Garland water utility account in good standing. This program is for residents only; tenant and commercial requests will not be eligible.
- The new high efficiency toilet(s) (0.8 - 1.6 gallons per flush) must be purchased to replace a low efficiency toilet (approximately 3 - 7 gallons per flush).
- The credit program is limited to the purchase and installation of three (3) new high efficiency toilets with a credit of \$100 for the first toilet, \$75 for the second toilet and \$50 for the third toilet.
- Applications must be received within 120 days of purchase of eligible water conserving item. Credit applications will be processed in the order they are received on a first-come first-served basis. All credits are subject to the availability of funds. The funding for this program is limited and granted on an annual basis. Please check our website at www.garlandwater.com under the "Conservation" tab to ensure funds are available. **Funding for each fiscal year will run between October 1 through September 30.**
- The City of Garland does not require a plumbing permit to replace an existing toilet. No participant shall receive more than a \$500 credit from the City of Garland's Water Conservation Program(s) for any combination of eligible items.
- Old toilets that are replaced MUST be disposed of in a proper manner.

Water Conservation Credit Program Application Instructions:

- Mail in rebate application along with a **copy** of sales receipt(s) or invoice(s)
- Originals of all copies must be retained and available for review should an onsite verification occur
- If original receipts or the installation of the device cannot be verified, the request for rebate may be denied

Mail Application to: City of Garland
Water Conservation Credit Program
PO Box 469002
